Management's Responsibility

To the Members of Stz'uminus First Nation:

The accompanying consolidated financial statements of Stz'uminus First Nation are the responsibility of management and have been approved by Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Stz'uminus First Nation Chief and Council are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfill these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council are also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by Chief and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with, both the Chief and Council and management to discuss their audit findings.

Director of Administration

Independent Auditor's Report

To the Members of Stz'uminus First Nation:

Opinion

We have audited the consolidated financial statements of Stz'uminus First Nation (the "Nation"), which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations and accumulated surplus, changes in net financial assets, cash flows and the related schedules for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Nation as at March 31, 2020, and the results of its consolidated operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Stz'uminus First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

1. Operations

The Stz'uminus First Nation (the "Nation") is located in the province of British Columbia, and provides various services to its members. Stz'uminus First Nation includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity, except for Nation business enterprises. Trusts administered on behalf of third parties by Stz'uminus First Nation are excluded from the Nation reporting entity.

The Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Stu'ate Lelum Secondary School and Chemainus Native College
- CMHC Social Housing Program
- 1089106 B.C. Ltd.

All inter-entity balances have been eliminated on consolidation.

Stz'uminus First Nation business enterprises, owned or controlled by the Nation's Chief and Council but not dependent on the Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Coast Salish Development Corporation
- Thuy'she'num Property Management Limited Partnership and its general partner, 0848278 B.C. Ltd.
- Deer Point Developments Limited Partnership and its general partner, 0848227 B.C. Ltd.
- Ivy Green Petroleum Limited Partnership and its general partner, 0848277 B.C. Ltd.
- Thuthiqut Resources Limited Partnership and its general partner, 0848274 B.C. Ltd.
- Thuy'she'num Investments Limited Partnership and its general partner, 0924101 B.C. Ltd.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash and cash equivalents

Cash and cash equivalent include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

2. Significant accounting policies *(Continued from previous page)*

Tangible capital assets

Tangible capital assets exceeding \$5,000 are recorded at cost less accumulated amortization. Contributed tangible capital assets are recorded at their fair value on the date of contribution. Amortization is provided on a straight-line basis over the estimated useful life of the assets. See below for amortization rates of specific assets categories.

All intangible assets and items inherited by the right of the Nation, such as reserve land, forests, water and mineral resources, are not recognized in the Nation's consolidated financial statements.

	<i>Method</i>	<i>Rate</i>
Outdoor lighting and land improvements	straight-line	20-40 years
Buildings and leasehold improvements	straight-line	40 years
Vehicles and equipment	straight-line	10 years
Computer hardware and software	straight-line	4 years
Roads, streets and bridges	straight-line	25-40 years
Water, sanitary and storm	straight-line	20-80 years
Band housing	straight-line	25 years
CMHC housing	straight-line	25 years

Funds held in trust

Funds held in trust on behalf of Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the consolidated statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the land or other Nation capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Net financial assets

The Nation's consolidated financial statements are presented so as to highlight net financial assets as the measurement of consolidated financial position. The net financial assets of the Nation is determined by its financial assets less its liabilities. Net financial assets is comprised of two components, non-financial assets and accumulated surplus.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

2. Significant accounting policies *(Continued from previous page)*

Revenue recognition

i) Government funding

The Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

ii) First Nation Capital and Revenue Trust Funds

The Nation recognizes revenue of the Capital and Revenue Trust Fund at the time funds are contributed from the accounts held in Ottawa. Interest revenue is recognized when earned.

iii) Canada Mortgage and Housing Corporation ("CMHC")

CMHC revenue is recognized as it becomes receivable under the terms of the applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.

iv) Housing rental income

Rental revenue is recorded in the year it is earned. At the end of each year management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.

v) Other revenue

Other revenue is recognized when performance is completed, amounts are measurable and collection is reasonably assured.

Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenditures during the reporting period. Accounts receivable are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Liabilities for contaminated sites are based on the best information available regarding potentially contaminated sites that the Nation is responsible for. Accrued sick liability is based on an estimate of future sick time usage. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in surplus (deficit) in the periods in which they become known.

Long-lived assets

Long-lived assets consist of tangible capital assets with finite useful lives. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when asset's service potential is reduced. Impairment is measured as the amount by which the assets' carrying amount exceeds its fair value. Any impairment is included in operations for the year. Prices for similar items are used to measure fair value of long-lived assets.

The Nation does not perform impairment testing on its long-lived assets that are held for public administration and situated on its reserve land as it is not possible to determine their fair market value.

Stz'uminus First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

2. Significant accounting policies *(Continued from previous page)*

Segments

The Nation conducts its business through a number of reportable segments as described in Note 19. These operating segments are established by senior management to facilitate the achievement of the Nation's long-term objectives, to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

Liability for contaminated site

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2020.

At each financial reporting date, the Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. As at March 31, 2020 no liability for contaminated site exists.

Ottawa Trust Funds

The Ottawa Trust accounts arise from monies derived from capital or revenue sources as outlined in Section 62 of the *Indian Act*. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the *Indian Act*.

5. Restricted cash

Under the terms of the agreement with Canada Mortgage and Housing Corporation ("CMHC"), the replacement reserve account is to be credited in the amount of \$42,413 (2019 - \$39,633) annually. These funds, along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. The funds in the account may only be used as approved by CMHC. At year end, these reserves were adequately funded.

Under the terms of the agreement with Canada Mortgage and Housing Corporation ("CMHC"), excess revenues over expenditures for the Post 1996 phases may be retained in an operating reserve. These funds along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. At year end, the operating reserve was adequately funded.

Restricted cash is comprised of the following:

9. Due to related Nation entities

Amounts due to related Nation entities are unsecured, non-interest bearing and due on demand. These entities are related by virtue of common control or joint control by the Nation.

10. Accrued sick liability

The Nation provides for sick leave under the following conditions:

- CUPE and exempt employees accumulate one and one quarter days of sick leave per month;
- CUPE and exempt employees are limited to accumulate the equivalent of sixty working days pay;
- Sick leave can only be used for paid time off for illness of the employee. Sick leave taken is paid at the employee's normal rate of pay at the time;
- There is no provision for payment of any unused sick bank balance on termination of employment;

The estimate for the total accumulated liability is \$233,721 (2019 - \$304,403).

Management has not conducted an actuarial valuation.

12. Contingencies

The Nation may be contingently liable with respect to Ministerial guarantees for "On Reserve Housing Loans" to various financial institutions in the amount of \$183,686 (2019 - \$183,686). These loan guarantees are in addition to CMHC mortgages.

These financial statements are subject to review by the First Nations funding bodies. It is possible that adjustments could be made based on results of their review. Any adjustments will be reflected in operations in the year the adjustment is required.

13. Significant event

In March 2020, there was a global outbreak of COVID-19 (coronavirus), which has had a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders. At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the Nation as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus.

16. Economic dependence

Stz'uminus First Nation receives a significant portion of its revenue from Indigenous Services Canada ("ISC") as a result of funding agreements entered into with the Government of Canada. These agreements are administered by ISC under the terms and conditions of the *Indian Act*. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these agreements.

17. Budget information

The disclosed budget information has been approved by the Chief and Council of Stz'uminus First Nation. The original budget was approved at the Chief and Council meeting held on June 13, 2019.

18. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.

19. Segments
